

## How to transfer mandatory core skills training from other organisations – for resident doctors

Please send evidence of any of the transferable topics to [janice.beamish@nhs.net](mailto:janice.beamish@nhs.net). Please let us know that you are a resident doctor. Please also contact us if you have questions regarding transferring training.

If you are unsure if a certificate is valid, please send these to us and we will confirm if we can accept them

### Evidence

Evidence should include the name of the organisation, the name and date of training (and level if there is more than one level for the course)

Any records must be valid for 3 months after your start date at Imperial.

We can accept evidence from most NHS trusts, the UK Resuscitation Council, ALSG, Skills for Health, and E-Learning for Healthcare.

We cannot accept evidence from organisations outside of the UK.

### Transferable Topics

Topic	Valid for
1. Conflict resolution	3 years
2. Equality and diversity	3 years
3. Fire safety	<b>valid for 2 years</b>
4. Health and safety	3 years
5. Infection prevention and control level 2 (or clinical)	<b>valid for 12 months</b>
6. Information governance	<b>valid for 12 months</b>
7. Moving and handling level 1 (or level 2/ clinical)	3 years
8. Oliver McGowan Mandatory Training on Learning Disability and Autism	3 years
9. Patient Safety	3 years (only transferable from e-Learning for Healthcare)
10. Resuscitation level 2 (or level 3, eg ILS or ALS or instructor)	3 years (ALS valid for 4 years)
11. Safeguarding adults level 2	3 years
12. Safeguarding children level 2 (or level 3)	3 years

### Higher Level Certificates

Courses at higher levels than that required are also accepted, for example moving and handling at level 2, safeguarding children at level 3. ALS/ILS: Resident doctors are not required to complete ALS or ILS (including the paediatric, neonatal or other variations of these course).

However, if you have these certificates, they can be used to cover resuscitation level 2. Valid certificates include ALS (or equivalent) for the last 4 years, or ILS certificates for the last 3 years. They will need to have 3 months remaining after your start date.

### Safeguarding Children Level 3 from e-Learning for Healthcare

We can only accept the e-learning for healthcare certificate for the online part of safeguarding children level 3.
